

2022 Captains Report

I would like to thank all the volunteers for the incredible amount of hours on the course, the gardens and to Captains Corner, all of which makes it both a relaxing and exciting to play golf at Moree.

I would like to thank the Board and the many members on sub-committees for their tireless input.

Moree Golf Course is a preferred course to play in our region and congratulations must go to all members both playing and social, volunteers and staff for making this happen.

We are working to involve more juniors into the sport. Actions are in place to work with local schools and clubs to increase junior participation.

With the irrigation system complete and ongoing work around the Club House allows us to be in a strong position to grow golf and our membership, both full playing and social adding to the sound foundation already established.

The Vets and Desperates golfing groups are extremely generous with donations, both work in kind and financial.

A huge thanks to those who cleaned up after the two flood event – it is incredibly important the quick response required to save the greens. The recovery period is always tedious and thank players for their patience.

With ongoing strong fields we have had an increase of players in regional events. The Ladies have committed two teams for the N&NWDGA pennants for the oncoming year. This is a strong indicator of the participation and representation in Ladies golf. The Men's pennants was interrupted due to the pandemic, rain and flooding and was not completed in 2022.

We thank the Scramble and Keno for their generous golf events. Moree had both Men and Ladies play at Bonville and the Longyard Tamworth representing Moree Golf Club.

Thank you, farewell and best wishes to David Wright, (Club Professional). Thanks also to Adam Brown, both have done a great job in marshalling the course and running the day to day competitions.

I would also like to thank the grounds staff who present the course each week. They have had some tough conditions to work through and the course is recovering.

The Club is always open to suggestions and ideas so please feel free to email these to the Club Captain, President or Manager.
